

Feipeng Huang

feipenghuang@umass.edu

Education

University of Massachusetts Amherst

2022-Present

PhD Candidate in Environmental Conservation

Advisor: Dr. Nathan Senner

Committee members: Dr. Brian Cheng, Dr. Wenjing Xu, Dr. Maria Stager

University of California, Davis

2018-2022

BS in Wildlife, Fish, and Conservation Biology

Departmental Citation for Outstanding Undergraduate Accomplishment

GPA: 3.975

Awards

UMass Graduate School Fieldwork Grant	\$4,940.00	2026
Blodget Fund for Ornithological Studies	\$1,335.43	2025
American Ornithological Society Research Award	\$2,339.50	2023

Publications

1. Smith, E., R.J. Swift, A. Courtemanche, **F. Huang**, M.M. Pelton, L. Puleo, J. Simmonds, M.M. Waller, H. Walton, C. Weissburg, L.R. Wilde, and N.R. Senner. 2026. Nest site and habitat changes over 15 years in a predicted climate refugium in Beluga, AK, USA, have a positive impact on Hudsonian godwit (*Limosa haemastica*) nest survival. *Polar Biology*, 49, 47.
2. **Huang, F.**, C. Tyson, B.R. Addis, C. Elowe, L. Puleo, S. Saint-Juste, M. Stager, R.J. Swift, L. Wilde, and N.R. Senner. 2026. Growth, movement, and survival of precocial shorebird chicks are constrained by local conditions. *Behavioral Ecology*, 37(3), arag035.
3. Puleo, L., **F. Huang**, M. Stager, and N.R. Senner. 2025. Flexibility in the face of climate change? A rapid and dramatic shift toward later spring migration in Hudsonian Godwits (*Limosa haemastica*). *Proceedings B*, 292 (2051): 20250982.

Conference Presentations

American Ornithology Society	Talk	2026
Alaska Shorebird Group	Talk	2026
American Ornithology Society	Poster	2025
American Ornithology Society	Talk	2024
Western Hemisphere Shorebird Group	Talk	2024
American Ornithology Society	Poster	2023
Northeast Asia Seabird Conservation Committee	Talk	2021

Teaching and Mentoring

Wildlife Population Dynamics and Management	Teaching Assistant	2025
Ecophysiology	Teaching Assistant	2025
Wildlife Population Dynamics and Management	Teaching Assistant	2024
Global Change Ecology	Teaching Assistant	2023
Vertebrate Ecology	Teaching Assistant	2023

Designed and taught specimen-based bird bill morphology lab and avian interspecific interactions CURE. Helped students with R. Facilitated journal article discussions.

Trained students in preparing bird study skins for the UMass Natural History Collections. 2025-Present

Mark Titus Hudsonian Godwit Feather Project 2024-2026

Michael Forozis Hudsonian Godwit Predator Project 2023-2024

Trained 9 field technicians on the Hudsonian Godwit fieldwork. Summer 23, 24, 25, 26

Outreach

Who Looks Like Who + Godwit's Global Friends	Tebughna School, K-12	2026
Shorebird Conservation in the Yellow Sea	Smith College, BIO 131	2025
Migrate Like a Godwit	Tebughna School, K-12	2025
Tyonek Bird Walk	Tebughna School, K-12	2024

Leadership/Work Experience

Core team member of Bird Safe UMass 2024-Present

- Leading the effort to document and reduce bird-window collisions on the UMass Amherst campus (survey coordination, data management, public outreach).

Intern at Guangxi Biodiversity Research and Conservation Association

Fall 20

- Led the Guantouling raptor migration count (data collection and management, volunteer training and management, public outreach).

Fieldwork

1 week of small mammal trapping	Colorado	2023
Weekly spring Wood Duck nest box monitoring	California	2022
2 months of shorebird bycatch monitoring	China	2021
1 week of horseshoe crab survey	China	2019
Weekly spring songbird nest box monitoring	California	19, 22

Other fieldwork: bird banding, bird surveys, breeding seabird monitoring, fishery surveys

Undergraduate desk work: behavioral coding, camera trap photo tagging

Science Communication

2020 Guantouling Raptor Migration Monitoring Report, *Guangxi Biodiversity Research and Conservation Association* (2021)

A Community Science Report on Biodiversity in Urban Green Spaces in Nanning, Guangxi, *Guangxi Biodiversity Research and Conservation Association* (2021)

Magazine articles for *Life World* (2024), *China Bird Watch* (2020, 2022)

Blog posts for *Guangxi Biodiversity Research and Conservation Association* (2019, 2020, 2021), *The Nature Conservancy China* (2017)
